

## Museum Visit

by Roger Jackaman

24 April, 2024

Our first Mus-Viz (museum visit) started with a full dozen interested riders. Initial support was 18 but life generally produced a few apologies the night before or absence on the day. Clearly sufficient interest for Mark Hoskins & I to put together a series of museum visits.

The group was made up from Erica's Southern Section, Airheads and a few mates, all will be welcome in future. Most met at Popham Airfield for the short ride to the Royal Logistics Corp Museum at Worthy Down, near South Worthy, meeting up with those who travelled direct. Plenty to interest us for a couple of hours after which a slightly reduced group enjoyed a convivial lunch at Houghton Lodge, near Stockbridge.

Watch this space or put a Muz-Viz together if you have any ideas.
